

FireSafeX NexGen

Train. Feel It's Real. Respond With Confidence.

WHAT WE SELL

An end-to-end mixed-reality fire safety training system.

Physical smart extinguisher + Meta Quest scenarios + AI guidance.

One-click assessments and verified digital certificates.

FAST, SUPPORTED ROLLOUT

Connect supported devices and the platform in about 5 minutes.

Complete setup and onboarding within 1 business day when access and content are ready.

Easy to set up. Easy to understand. Ready for every team.

CUSTOMIZABLE ECOSYSTEM

Adapt courses, scenarios, assessments, languages, users and roles.

Track sessions, progress, assessment records and certificates.

One connected training journey

1 TRAIN

Learn fire safety fundamentals with multilingual AI guidance.

2 PRACTICE

Use the physical FireSafeX extinguisher in mixed-reality scenarios.

3 EVALUATE

Create an assessment in one click and capture response actions.

4 CERTIFY

Issue a verified digital certificate linked to the assessment record.
